NOTES OF THE SOUTH & CENTRAL SOCIAL SERVICES MEETING HELD 21ST JULY 2011 AT 10.30AM – 11AM AT THE OPUNAKE HEALTH CENTRE

Sandra Boardman (TDHB GM Planning, Funding & Population Health), Rebekah Barr (TDHB Administration Assistant)

Sandra presented the Powerpoint which gave an overview of where the information for the draft proposal had come from, who was involved in the process and what the main points of the draft proposal were.

After the presentation the group of 11 asked for a more in depth explanation of the proposed changes to mental health services. They agreed that changes to mental health services are urgently required and they thanked Sandra for presenting the proposal to them to help understand what was in it.

Some suggested they would now be able to provide useful feedback in the submissions.
