

South Taranaki

Alive with opportunities for better health care

WHAT'S HAPPENING NOW?

- Community consultation completed on 4 August 2011.
- Independent Evaluator, Steering Group, Managers and the Expert Review Panel gave recommendations to the Board.
- Taranaki District Health Board made their decisions. (These are listed on the website under Projects > South Taranaki > Progress to date > Number 8).
- Public meetings, as below to update you on progress and future planning.

Taranaki District Health Board decided:

- To address clinical risk issues and ensure patient safety.
- Implement improvements to GP services.
- Maintain and expand services at Hawera Hospital.
- Establish and maintain a medical workforce which includes rural hospital medical practitioners.
- To improve the patient pathway through a clinical forum.
- To establish a community reference group to improve communication.

For the full list of Board decisions visit www.tdhub.org.nz
